

Silent Key Estate/Donated Equipment FOLLOW-UP Auction

Updated on: April 22, 2016

Equipment Listing and Photos – The Equipment Listing identifies each item by Number (first column); the Ref. Photo (second column from right) shows the "jpg" photo(s) for the item. Unless noted, items listed have been tested using all known features to verify its condition. As referenced for various items, please use the [Web Links](#) to obtain additional information, cost details or reviews. **Items that sold at the April 10th auction are noted in RED – More Items to be Added!**

Date of the Auction – **Sunday, July 10th** - - THIS IS A FOLLOW-UP Auction from April 10 which had minimal attendance due to a winter storm!

Time of the Auction – **1PM to 3 PM** (Door opens at Noon so you can examine and test the equipment).

Place of the Auction – Alcona Recreation Area (ARA), aka: Alcona Fair Grounds, 854 N. Barlow Road, Lincoln, MI 48742; 2 miles North of M-72

Talk-in – 147.040 MHz Repeater (W8HUF/R); +600 KHz; 123 Hz PL

VE Exam Session Starting at Noon (register here: <http://www.alconaradio.org/testreg/test.aspx>) **FREE Trunk Sale** **FREE Refreshments Provided**

Why Are We Doing This?

With the passing of a number of our members, we have been asked by family members to handle the sale of their Amateur Radio Related Equipment. We have also had a number of hams donate their equipment to our group. Following the wishes of the "Silent Key's" request and Donators, some of the proceeds will go to the Scholarship/Equipment fund for area Amateur Radio students, some will be used for equipment for the Radio Room, Communications Trailer or Search & Rescue group or provided back to the family.

As in the case of previous Auctions, there will be no fees charged for this service and all sales will be fully documented.

The Rules:

- Develop three levels of price/cost for each item: **Initial** New Price (if available), **Present** Selling Price (adjusted for condition & options as listed on e-Bay, e-Ham, etc.), **50% of Present** Selling Price to determine the **Minimum** bid for the auction. This process of evaluating the equipment includes testing, cleaning, obtaining operating/service manuals & cartons, original sales receipts, pictures, etc.
- Auction open to all licensed Amateur Radio operators.
- Only ONE bid per person per item in WHOLE Dollars by BLIND BID in a sealed envelope.
- Highest bid equal to or above the **Minimum** wins. In the event of a tie, highest card drawn from a standard Poker deck will be declared the winner.
- Bidders must be present to participate – **NO PRESALES**. If someone (a Surrogate) is bidding on behalf of someone not present, still only ONE bid by the person present.
- Too far to travel for the Auction? Contact [W8SZ](#) if you want a Surrogate assigned for your bidding.
- Only Cash or Check (assuming we know the issuing person & bank) must be presented immediately at the Auction - - no payments "after the fact"
- All items are sold as is - - NO implied warranty!
- A copy of the receipt signed by two of the "auctioneers" is provided for each item; the original receipt is maintained for our records along with complete results of the auction.
- Items not sold go into our inventory for future auctions or are returned to the family/donator (if requested).

Free Raffle Giveaways – Since we have a large number of smaller items like books, headphones, adapters, straight keys, wire, electronic parts, etc., **AFTER Every Item Auctioned**, we will draw a winning raffle ticket. Every licensed amateur radio operator attendee will receive one ticket. The winner will get first choice to select an item from the "Table of Goodies".

Small Sample of Free Raffle Giveaway "Goodies"
